Exemption		
<b>Title</b>	Covid19 – outbreak: Additional extension of the Airworthiness Review Certificate validity when the aircraft is under controlled environment.	
<b>Domain</b>	CAW - Continuing Airworthiness	
<b>Exemption Requirements</b>	<b>Related Regulation</b>	Commission Regulation (EU) No 1321/2014
	<b>Sub-part</b>	Part-M - Continuing airworthiness requirements
	<b>Exemption requirements</b>	Point M.A.901 (a) of Annex I (Part-M) or ML.A.901 (a) of Annex Vb (Part-ML), as applicable.
<b>Repetitive Exemption</b>	No, duration up to 8 months	
<b>Duration of exemption</b>	2020-03-14 to 2020-11-14	

<p><b>Summary of the exemption</b></p>	<p>Subject to fulfilling the applicable mitigating conditions as specified in this Exemption (see field “Summary of mitigations”), all of the following shall apply:</p> <p>Provided that the Airworthiness Review Certificate (ARC) has already been extended twice and it expires before 31 July 2020, an additional extension of the validity period by 6 months is allowed.</p> <p>If, towards the end of the 6-month period, the competent authority (CA) considers that the reasons for granting this Exemption still apply, the validity period of the certificate may be further extended for a period of up to 6 months or the end of the application of this Exemption, whichever comes first.</p> <p>This Exemption aims to reduce the severity of the disruptions that would otherwise occur due to non-availability of airworthiness review staff to perform the physical survey on behalf of the approved organization.</p>	
<p><b>Reasons for granting it</b></p>	<p><b>Urgent unforeseeable circumstances</b></p>	<p>The COVID-19 outbreak has resulted in drastic travel restrictions and closure of borders between a majority of States. This might impact the performance of the physical survey which is part of the airworthiness review. The airworthiness review is mandatory when the ARC had been already extended twice. This would result in expiry of the ARC.</p>
<p><b>Summary of mitigating measures</b></p>	<p><b>Safety, environmental protection</b></p>	<p>In order to benefit from the Exemption the following mitigating measures must be complied with:</p> <ol style="list-style-type: none"> <li>1. the conditions for an extension of the ARC in accordance with points (b) and (j) of M.A.901 or point (c) of ML.A.901, as applicable, are met; and</li> <li>2. a full documented review in accordance with point (k) of M.A.901 or point ML.A.903, as applicable, has been satisfactorily conducted.</li> <li>3. Extension granted by this exemption is conducted by qualified staff.</li> <li>4. If the organization managing the continuing airworthiness of the aircraft has no privilege to perform airworthiness review, they can extend the ARC based on a documented review (performed under contract) done by an organization holding these privileges (privileges described in M.A.711(b), CAMO.A.125 (e) or CAO.A.095(c), as applicable).</li> </ol> <p>The circumstances and needs addressed by the exemption do not have an impact on environment.</p>

	<b>Market distortion</b>	Due to the exceptional circumstances affecting all EU Member States, and given its limited duration, the exemption does not have a distorting effect on the market conditions.
<b>Type of Operation</b>	N/A	
<b>Non-approved change/repair</b>	N/A	

<b>Concerned Entity(ies)</b>	
<b>Concerned entity</b>	Organisation
<b>Concerned entity details</b>	Organisations approved in accordance with Subpart G of Annex II (Part-M), Annex Vc (Part-CAMO) and Annex Vd (Part-CAO) of Regulation (EC) 1321/2014.
<b>Product</b>	N/A
