**AIRWORTHINESS
DIRECTIVE**

NUMBER:

02/94

SHEET:

AFFECTED PRODUCT: CASA CN-235, series aircraft.

MANUFACTURER: CONSTRUCCIONES AERONAUTICAS S.A. (CASA)

ISSUE DATE: August, 1994

REFERENCE: CASA 235-52-23 Service Bulletin, original or subsequent approved revisions .

EFFECTIVE: August, 1994

DESCRIPTION: Due to the possibility of initiation of cracks produced by fatigue in the guide hooks of the ramp door frame, these elements must be replaced by new reinforced ones, in accordance with instructions indicated in the CASA SB 235-52-23 Service Bulletin.

COMPLIANCE SCHEDULE: The above referred elements should be replaced before 17000 flights.
